**Egyptians Fire On Israel Army Unit Near Kissufim**

The late Kurt Tucholski would have been pleased with the reaction of some of the local people to yesterday's coverage of the news from the Arab East, what with electric propaganda now overshadowing everything else in the local press:

**LIAZOKER** (Diplomatic Correspondent) - mismanaged as usual by the Foreign Ministry. I am told reliably that the Afghan Minister has bitterly complained in a secret report to "him" and the Foreign Minister is a confidential note containing a pressed view that Levi's escape was with electric propaganda now overshadowing everything else in the local press:

I am told reliably that the Afghan Minister has bitterly complained in a secret report to "him" and the Foreign Minister is a confidential note containing a pressed view that Levi's escape was with electric propaganda now overshadowing everything else in the local press:

**LIAZOKER** (Diplomatic Correspondent) - mismanaged as usual by the Foreign Ministry. Not sufficient attention has been given to the fact that Levi's in question was of Asian origin.

Closer relations with Hanoi and Peking would obviously have saved Levi diplomatic status in a new major defeat. When I was with the political department...

Closer relations with Hanoi and Peking would obviously have saved Levi diplomatic status in a new major defeat. When I was with the political department...

**KOL Ha'am (headline): THE LIJONI ARE OUT! WHOSE FAULT IS IT BEN-GURION AND THE AMERICANS? VOTE COMMUNIST!** (editorial) - Dulles' promise the Zionists on his way through Tel Aviv in April 1952 Ben-Gurion's House is nearby. Can this be mere coincidence? Obviously not. Clear attempt to terrorize honest patriots, upright democrats, Arab citizens. We all know Dulles' position! Communists have always been our party consistently anti-Semitic. All other parties have collaborated with Zionists, especially Mapam, which only last week published advertisement of Zion's coffee.

**HAZALIM HANNAH** and **"Frontpage"**: Proud to announce publication of special interview which will change Israel history. All about the sex life of the lion Lions do not mate at night. There are no lions in the desert. Jews, Arabs and Christians: they are the lions! Hunting Lions with the Stern gang and Yigal Alon — an essay in the philosophy of history by "Uzi" Abba Khoushy and the lions Mordchel Naimir and the unicorn Gangsters in the kindergarten. All this and the usual features...

**HATZOFER**: The slothful man with these is a lion in the way: A lion is in the streets (Prov. 30: 13). What was good for our grandparents should be good enough for us. Our ancestors faced bigger dangers...

**HAZRUT**: Shows the abysmal laziness created by eight years of Moshe Dayan. Politics of Jabotinsky have warned time and again. No response. Jewish Agency mentality. Hostages. There is only one language lions understand. What will they do now? **UNION OF THE JEWISH COUNCILS: LIONS UNITE! ISRAELI BEN-GURION: RESIGN TONIGHT AT MOGABRI SQUARE; MENAHEM BEGIN ROARING** (in other news around).

**REPORTED ISRAEL REACTIONS**: From his side, Mr. Kidron would only say that he had given the Secretary-General a report on Israel's patrols of the Jordanian frontier, denied the report that Mr. H. R. Mc Cormack had planned "high level" talks with Israel and Egyptian authorities while in Paris. But it was clearly implied by those who are in on the planning level that the Secretary-General is attempting to move things more without however, interfering in any manner with the authority of Gen. E. M. Buras, the U.N. truce chief.

**RADIO DAMASCUS** (in Hebrew): Quotes Kol Ha'am's Zionist provocation. We are the state for the salvation of animals protected to armistice commission. We have much better and bigger lions in Damascus. And now you'll listen to a Fano Dohle by the famous composer Petruska for our dear listeners, the Tenor and the Arab Jews.

**O MEN (for immigrants):** A New (Low-Low)-Home-Low Man, road faster, the man may (dancer-frozen-pig-what - divorce - upholders - potholes).

**MA'ARIV** (XIV) - a kind of quiet, wary imperturbability which refuses to be rattled by the threat of disaster, domestic or otherwise. The editor of Ma'ariv was rewarded by the citizens of this city this morning: Reminds me of the story of my grandfather in Rzeszow in 1906 who saw the escaped circus lion bounding down the street and said to his neighbour: "See, you don't see many of them about nowadays."

**YEMINOT** (Akrotz CYT) next afternoon: reminds me of my great-grandfather in Tomaszow in 1880 who saw the escaped circus lion bounding down the street and said to his neighbour: "See, you don't see many of them about nowadays."

Jerusalem, May 22.

## Bonn Readies Plans For First Army Volunteers

**BONN**, Saturday (Reuters) - Chancellor Konrad Adenauer today ended talks with top officials on plans to call the first volunteers members of West Germany's future armed forces.

Parliamentary battles may well be ahead since the Social Democratic opposition is expected to make every attempt to delay the recruitment bill at least until all efforts to secure Soviet approval of German reunification are exhausted.

Our forces returned the fire, using artillery and mortars and shelling the Egyptian position. The general war situation in the area, as far as we can see, has not changed. The new partisans in the defence of the West were given the name of honour as the U.S. Army and Air Force held open house to celebrate Bonn's entry into NATO.

In Berlin today, All-German Affairs Minister Jakob appeared to East Germans not to flee to the West, unless they had gone there to flee from their own country. He referred to the steadily mounting flood of refugees.

The rise in refugee figures, he said, gave cause for worry because just at this time it was necessary for East Germans to stay in their homes because "we need men and women to whose will for freedom we can appeal." At that incident, Egyptian machine-guns fire was directed at a group of Israeli settlers from Givat Ram, a settlement in a south of Jerusalem area.

**Armenian Vicar  
Back from India**

Jerusalem Post Reporter  
Two cars flying the blue and red flag with the golden cross of the Armenian Patriarchate of Jerusalem met in the no-man's-land at Mandelbaum Gate yesterday morning, as Archimandrite Papken Abadian, Senior Vicar of the Armenian Orthodox Church in Israel, returned from a pastoral visit to the Armenian communities in India.

He was welcomed across the border into Israel by Archbishop Y. D. Derderian, Vicar-General of the Armenian Patriarchate in Jerusalem, on the eve of his rare visits to the New City.

At Mandelbaum Gate, Archimandrite Abadian was given a warm welcome by members of the Armenian community in Israel, including the Acting Vicar, Father Shaban.

Archimandrite Abadian told The Jerusalem Post that the aim of his visit had been to give spiritual guidance to the people of Armenia, concentrated in India, namely in Calcutta, Bombay and Madras. Armenians in India, he said, were deeply conscious of their religion, and the purpose of his tour had been to make them aware of their Armenian nationality as well. He had found great interest in the city of London, where he went, and he hoped that as a result of his tour many Armenians would visit here.

**Bernstein Declares Need  
For More People, Not Land**

TEL AVIV, Saturday. — The General Zionists and Herut held several election meetings here this weekend. The main speaker for the General Zionists was the Minister of Commerce and Industry, Mr. P. Bernstein.

Speaking at the Armon David Synagogue this morning, he said: "We are against beginning a war against our neighbours, but at the same time we believe that we must increase our military strength as much as possible in the Arab world." He added: "We have no need of more territory, but of more people."

Mr. Bernstein said that his party's position was almost identical with that of Mapai. Repeating in these who called for an activist policy before the Arabs become stronger, he said: "The weather is not good for us."

Mapai, he said, wanted a one-strength election system, so as to attain an absolute majority in the Knesset. "I think," he said, "whether the country is interested in the sole rule of this party."

**Investments Sought**

Speaking in Jaffa, Dr. A. Stapp, General Zionist M.K., declared that the only way to share continuous immigration was through the creation of such conditions of life as would attract many Jews to immigrate. One contradiction with conditions was reflected in the emigration during recent years of 60,000 persons.

"We want to achieve a situation in which Mapai will be unable to establish a government without the General Zionists," Mr. Stapp, M.K., told a General Zionist meeting at the Magen David Hall, last night. He said the struggle between the two parties was a struggle between two world outlooks: liberalism and socialism.

Mapai was asked whether for socialists there was a place in state with the help of the capital of the Jewish people, which had no room for socialism.

Addressing a forum, socialist member of the Knesset, Dr. S. Ya'alon, Chairman of the Herut Revisionist Executive, said: "Israel's complete political position is the return of the entire State of Israel, of all areas of the State, to the hands of the leaders of the present regime."

He contrasted the Great Power attitude towards Yugoslavia with that towards Israel. Then he said: "The Soviet Union regards the fact that as the head of the Yugoslav Government is a man who knows no compromise or concession" he is provided it by law.

**Bar Ilan University To Open in August**

TEL AVIV, Saturday. — The Bar Ilan University is to be officially opened on August 7, and the academic year will commence the following month. Professor Pinhas Churgin, the University's President, and the Director of the Academic and Commercial Club here yesterday.

Sports will be a big part of the life of the University. Dr. Churgin said that the campus is to have a swimming pool, sports fields and gymnasiums.

There is no contradiction between religion and science, he declared, and the synthesis between education and the activities of the Bar Ilan.

He said that this was the only country in the world where complaints were heard that there were too many universities.

"The country will not suffer from this wealth," he said, adding: "We will be reached when we will export scholars instead of students."

**Lachish Pioneers  
To Settle Tuesday**

JERUSALEM, Saturday. — The first families to settle the Lachish area will move into moshav Oren next Tuesday. They will be followed a week later by the Pioneer group of Mizrahi.
